Nursery Keyworker

Job Title Nursery Keyworker
Job Salary Dependent on qualifications and experience
Contract type Permanent
Hours 30 hours
Closing Date of Application Friday 29th January - interviews upon receipt of a strong application

About us:

Abbey View Primary Academy is a brand new, state of the art academy in the heart of the Pine Trees Development in High Wycombe. It opened its doors in September 2019 to children in Foundation Stage, Year 1 and Year 2. The Academy will grow, year-on-year, to a two-form entry primary academy, offering places from Nursery (Sept 2020) to Year 6 and wraparound care provision.

Abbey View is a vibrant academy where children are enthusiastic and motivated to achieve. We want our children not just to achieve, but to exceed expectations and attain the very best results they can academically, creatively and personally. Our pupils take ownership of their learning, becoming highly aspirational and resilient learners.

Our motto is 'Learning Today...Leading Tomorrow' and this underpins everything we do.

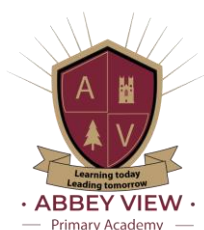

There is no doubt that Abbey View is an exciting place to be – for children, staff, parents and the local community.

About you:

We are looking for a Nursery Keyworker who is an experienced practitioner, confident in working with children and who wants to work collaboratively as part of a team. You must be flexible, calm and nurturing, with the ability to create meaningful relationships with the students.

What is the academy looking for?

- Acting as a keyworker for a group of children, being responsible for co-ordinating and liaising on case work issues, care plans and special needs
- Deliver learning activities to children within an agreed system of supervision, adjusting activities according to the child's response/needs
- Encourage children to interact and work co-operatively with others and engage all children in activities
- Promote the inclusion and acceptance of all children
- Assess the needs of children and use detailed knowledge and specialist skills to support children's' learning
